Cranbourne Primary School Carnival

Thursday October 30th – during school hours.
This event is for Cranbourne Primary School students only.

The Senior Learning Community has been exploring ways in which they can actively participate in the school community. They have learnt about marketing, fundraising, time management and team work to plan and run a school carnival. The five dollar fee will allow students to participate in all activities including the disco; games and carnival stalls give students and will give them entry into the raffle.
All students will be able to engage in this event in a responsible and active way having the opportunity to develop a stronger sense of connection to the school community.
Participation will give all students an opportunity to be involved in a community event.
