PRINCIPAL'S NEWS

Our Foundation students have started school with confidence. The boys are making connections with peers and finding their way around the playground at recess and lunch time.

Many of our Extra Curricula activities have already started.

Tuesday and Thursday mornings begin early at 8.15am with Breakfast Club. The gym is very active on Monday, Wednesday and Friday mornings with students participating in soccer club from 8.10 am. PRIDE place is open for students to play games and socialise each recess and lunch time., Our lunch time clubs are up and running—ICT, Art, Music and skipping. Mad on Music has started up again each Friday. The school is abuzz with activity each day and it is wonderful to see so many students participating.

Our school is looking clean with the gardens developing thanks to our environment team being led by Mrs Sam Derix.

FROM THE OFFICE

You will receive a copy of your child's enrolment information in the next week or so along with a statement to keep you up-to-date.

With the enrolment information we need you to check phone numbers, email addresses, Dr's details, address, etc are all correct.

If you have less than 3 emergency contacts, please add to it so you have at least 3.

We sometimes ring a parent and find the phone number is no longer connected, this is very concerning as we wouldn't be able to reach you in an emergency.

We would appreciate you check details, correct what needs correcting and return to your child's teacher as soon as possible so we can update our system.

Curriculum

The year has started well, and teachers are currently busy developing norms and routines within the learning spaces. The first few weeks of the school year are dedicated to "Launch Into Learning", which provides the opportunity to develop processes, expectations and goals with the students.

This term will include a Biological Science unit, where students will explore traits, characteristics, environments, development of living creatures. We may even see the addition of some creatures in the learning spaces to support the learning!!

Term 1 will end with our "Being Healthy, Safe and Active" unit, which includes a visit from Harold the giraffe in the Life Education van. This unit investigates ways to stay physically, emotionally and mentally healthy.

And we all love to see Harold each year!

WELLBEING NEWS

ATTENDANCE

It is important for students to attend school on a regular basis to ensure that they can achieve their academic potential.

'It's Cool To Be At School'. 'It's Not Great To Be Late' and 'It's Not Okay To Be Away'!

We ask that parents support us with delivering the message at home. If you are having difficulties with your children coming to school due to circumstances at home please come and see us, as we may be able to help.

Research has identified that excessive absenteeism, regardless of its nature, will eventually impede a student's ability to reach his or her academic potential. It has been calculated that if students miss as little as eight days in a school term, by the end of primary school they will have missed a year of education! Regular school attendance will help your children to succeed in later life.

Attending school every day makes learning easier for a child and helps children to build and maintain friendships with other children. If your child doesn't learn the basic skills in the early years of school, they may develop learning problems in later years as key foundation knowledge is missed. This is especially critical in mathematics and literacy.

According to the *Education and Training Reform Act 2006* a child must attend school until the compulsory school age of 17. While schools are required to monitor and identify student absences, and notify parents regarding unsatisfactory school attendance, making sure children attend school is a parental responsibility. This is a legal responsibility.

If your child has to be away from school it is only the Principal that can authorise or approve that absence. Parents cannot authorise it themselves. Any absence from school needs to be avoided whenever possible, as it can have a serious effect on a child's education and development. It is only in an exceptional circumstance that a Principal has the legal authority to grant leave of absence for a child during the school year.

WELLBEING NEWS

EVERY DAY COUNTS

Primary School Attendance

Going to school every day is the single most important part of your child's education. Students learn new things at school every day – missing school puts them behind.

Getting in early

Attendance patterns are established early – a child regularly missing days in kindergarten or in the early years of school will often continue to miss classes in the later years, and receive lower test scores than their classmates. It's vital that students go to school every day – even in the early years of primary school.

What we can do

The main reasons for absence are:

Sickness – There are always times when students need to miss school, such as when they're ill. It's vital that they're only away on the days they are genuinely sick, and setting good sleep patterns, eating well and exercising regularly can make a big difference.

It's vital that holidays are planned during school holidays where possible, and not during the term if it can be avoided.

Remember, every day counts. If your child must miss school, speak with your classroom teacher as early as possible.

Openly communicating with your child's school about all absences is a good way to prevent attendance issues being escalated to a School Attendance Officer. A School Attendance Officer is a Department of Education and Early Childhood Development Regional Director who has authority to follow up attendance issues. Attendance issues that are escalated can lead to an Infringement Notice. If you're having attendance issues with your child, please let your classroom teacher know so we can work together to get your child to school every day.

SCHOLASTIC Book Club

Dear Families

Our school is again participating in Scholastic Book Club this year. Up to twice a term I will send home the Book Club catalogue with a selection of books offered for all ages. Issue 1 is out and has been sent home.

You will find award winning books and bestsellers, as well as old and new favourites. These books span a wide range of reading abilities and interests with some books costing as little as \$2.

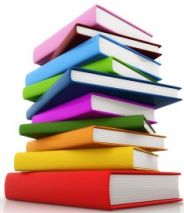

It is easy to order. You can choose to use the Book Club LOOP ordering system, a free app for parents/guardians that allows you to pay by credit card or you can fill in the order form at the back of the catalogue and return it with the correct money to school. Your child's order will be delivered directly to their classroom.

Every order helps earn reward points from which we purchase new resources for our school library. If your child has any requests or special interests, please let me know and we can add it to our wish list.

To celebrate the start of the New Year, any family ordering from Issue 1 will also receive a free *All About Me Activity Journal!*

If you require any assistance with your Book Club order please don't hesitate to contact me.

Happy reading
Ms Martin
