Curriculum

"Extra Curricula" Activities

As educators, we understand the importance of providing children with real life experiences and opportunities for them to draw on during the Teaching and Learning that occurs at school. The teachers have worked to develop an "Extra Curricula" plan for 2019. This will include incursions (activities that occur here at school) and excursions (activities that occur off site) for each learning community, but will also include some whole school events.

Not all of these events have been confirmed as yet, but many have already been planned.

These activities are an opportunity for your child to:

- Experience an activity/event that they may not otherwise experience
- Be with their friends and class mates, sharing the experience together
- Participate in an activity to support/enhance their learning

We ask that you support the school, and more importantly, your child's learning, by ensuring that your child participates in all available activities. Please refer to the table on the page 4, for an outline of the activities that have been planned so far. More events will be planned for later in the year. Dates are correct at this stage, but may need to be changed closer to the event. We will keep you informed!
