PRINCIPAL'S NEWS

Welcome to Term 2. The staff have been very busy over the holidays doing some re-arranging within the teaching spaces. Our ICT lab has been relocated into the Main building to allow for increasing numbers in group sizes and a third teaching space has been established in the Foundation (Prep) area. Miss Hughes got married and is now Mrs Carpenter. We have contacted the photography company to chase up photo deliveries on behalf of our families - we are hoping to receive them within the next week.

A local organisation called ACE Foundation

<http://acefoundation.org.au/> have been to visit us this week.

They have donated books to our school. Each Prep student will receive a beautiful new book. The foundation supports schools in Cranbourne with many programs, including their UP & Go program and student sponsorship program.

We would like to thank the ACE foundation for their generosity and ongoing support of our school.

Multicultural Day

On Friday the 27th July, Cranbourne Primary School will hold a Multicultural Day – celebrating the many different cultures of our students. This day will include African Drumming Workshops for the whole school as well as culturally based workshops.

We are seeking parent volunteers who would like to run a session based on their culture (you will be supported by teachers). This could be: art, cooking, dancing, dress, music or sport to name a few.

The ART ROOM needs you!

In preparation for some construction projects I am planning for later in the year, I would be really grateful if you could collect and bring into school all your plastic milk, juice and soft drink lids.

I will put a tub outside the Art-room for them to be left in.

Thank you all so much.

School Crossing Safety

There are over 80 Primary Schools in the City of Casey, serviced by over 240 school crossing supervisors. Over 35,000 students attend these schools each day, travelling by foot, private vehicles and public transport.

The City of Casey encourages drivers, parents and others responsible for children, to carefully read the information below to minimise the risk of accident or injury at and around school crossings.

Why are school crossings important?

Young children do not have a well developed sense of danger. They also do not have well developed peripheral (side) vision or spatial sense. This makes it difficult for them to properly judge the safe time to cross a road. Supervised school crossings were formally introduced in the 1970s to protect children from this risk.

Why do we need parking and traffic controls around school crossings?

Crossing supervisors need to have a clear field of vision in all directions around their crossing, so that they can spot approaching children and vehicles as soon as possible.

Because children are often very small, cars parked or stopped too close to crossings can completely obscure them from the view of supervisors and drivers. Coupled with children's limited ability to identify danger, this can create a very hazardous situation.

Parents and other people who are dropping off/picking up children also need reasonable access to parking for that purpose.

What sorts of controls can I expect to find around schools?

A range of restrictions may apply according to the needs of the particular area. The following restrictions may apply at and around your school:

No stopping

What does no stopping mean?

No stopping means you cannot stop your vehicle for any purposes, no matter how short the time.

No parking

What does no parking mean?

No parking means that the area is a pick up/drop off zone and that you cannot leave your vehicle un-attended and you cannot be parked for more than 2 minutes.

Bus Zone

What does bus zone mean?

Bus zone means that this area is for buses only. You cannot stop there at all.

Disabled Parking

What does disabled parking mean?

Disabled parking means that only vehicles displaying a valid Disabled Person's parking permit may park in these spaces.

As a driver what am I required to do around school crossings?

When approaching school crossings, slow down to 40km/h or less, watch for children and remember not to stop too close to the crossing. You **MUST** stop before the STOP LINE marked on the road once the stop sign is displayed to you.

The crossing must be completely vacated of all pedestrians before proceeding, including the supervisor.

Also watch for, and obey, the instructions of the School Crossing Supervisor.

Look for parking restriction signs and make sure to obey them or you may be fined.
