**PRINCIPAL’S NEWS**

‘PARENT SURVEY’

Thank you to those families who completed and returned the parent opinion surveys last week. This information is valuable to our school as it assists us to understand things from a parent’s point of view. Parent opinions are considered through your representatives on School Council. If you have any concerns that you feel have not been addressed by staff, you can raise the issue through school council. This can be done via a letter (delivered to school and addressed to School Council) or an e-mail to the school e-mail address and marked Attention School Council.

‘CHILD SAFE’

In response to the DET implementation of new Child Safe practices, our school has developed a new Child Safe Policy, which emphasises the importance and priority of our children’s safety. We see this as a partnership between DET/DHHS/school/families.

Where you see or hear of situations where a child’s safety is at risk, please do not hesitate to contact the school or DHHS — 1300 555 526.

To keep our children safe on the roads, please assist us by discussing road safety with your child/ren and ensure they leave the school grounds via the gates (not jumping the fences) and use the supervised crossings on Bakewell St and Russell St to cross the road safely.

Curriculum

Mad on Music

This year we have been fortunate enough to acquire the services of the ‘Mad On Music’ team, who have provided several of our students with an opportunity to learn keyboard or guitar. The students participating in the program are developing their musical skills, gaining confidence in their ability and having lots of fun in the process!

Mad On Music students have the opportunity to take part in a concert, to showcase their skills and progress. Our students will be performing on Tuesday, 30th August 2016, 6.30pm at the Carwatha College PS Mini Theatre.

We wish them well for their performance, and we are sure that they will make us all very proud!

If you think your child might be interested in developing their musical talents, please contact Mad On Music office on 03 9855 8306 or admin@madonmusic.com.au for any queries regarding their program at CPS.

Cranbourne Primary

On the 7th of August Cranbourne Primary held their very own Olympics. The day began with an opening ceremony that involved the Olympic oath and a photo presentation of athletes from past Olympics displaying their achievements. This was then followed by students from various grades demonstrating their sporting abilities. These sports included, gymnastics, basketball and karate. A flag procession was lead by our school and house captains to officially open the Cranbourne Primary Olympics. Students from each year level competed in a range of events such as the egg and spoon, three legged and relay races. It was a spectacular day that was full of fun and excitement.
Would you please behave!
By Michael Grose

Children’s sport has an amazing capacity to bring out the very worst in some parents – here’s some tips for parents on how to behave.

There is nothing like kids’ sport to bring out the worst in parents. Whether it’s parent meddling with coaches; abusing the opposition; giving advice to the officials; or simply being super-competitive it seems that it’s parents, not the players, game plans or tactics that keep junior sports coaches awake at night, and potentially away from continuing in their volunteer roles.

If you’re a parent who can relate to any of the above, here’s some advice guaranteed to help:

1. Get a job

Junior sport is run by volunteers so there is no shortage of jobs. My coaching mates tell me that parents who are volunteers rarely behave poorly. Presumably, this is due to the fact that they see the bigger picture. That children play sport for many different reasons including to make friends, be part of a team and have fun. While winning increases in importance the older kids become most participants see well beyond winning as reasons for sports participation. So if you struggle to contain yourself at your child’s sport then it’s simple - volunteer to help. Even offer your services as a coach.

2. Watch someone else’s child

One of the biggest problems with junior sport is that most parents tend to focus on their own children. While their eyes are firmly focused on their child they dissect every move their youngster makes. Sound familiar, if so I suggest you are taking your role as a parent too far. Better to keep it simple. That is, encourage your child’s participation; provide the means for them to participate well; and encourage them to behave well toward participants on both sides. If you struggle with this, then I suggest that you start tracking another child’s form for a game or two – any child, but your own. This may help you take your child’s sport less personally and enjoy it for what it is – a healthy endeavour that should be enjoyable for everyone.

3. Say this

If you find yourself offering your child plenty of well-meaning advice before, during and after a game you may actually be turning your child off sport. It’s the coach’s job to coach and mentor, while it’s your role to support your child and, of course, the coach. That’s a great formula for success. Rather than give advice say, “I love to watch you play.” It’s a simple statement of approval that says to your child “I don’t care how well you play. I just love the fact that you are taking part.” That’s it.

The attitude and behaviour of parents at sport can have a massive impact on children’s immediate enjoyment as well as their long-term participation. If you overhear your child’s coach or worse, your child, saying “How do I get my parents to behave?” then it may be time to rethink your behaviour at your child’s sporting events, particularly if you want to encourage their long-term participation in sport.

Behaviour as a form of communication

Promoting positive behaviour by understanding communication and responding appropriately.

Do you want to learn more about behaviour?

Do you work with children whose behaviours sometime concern or confuse you?

In this seminar you will learn how to unpack what a child may be communicating through their behaviour and how to provide positive behavioural supports.
