Monday, 8th October

Term 4 begins 8:50 am

PRINCIPAL'S NEWS

Our new school portable arrived on Monday. It came in parts, and it needed a crane to lift all of the pieces into place.

It was very exciting, and the whole school came out to watch the first piece be lifted and put in place!

It was a very delicate operation, and the men made sure the building was in the right position on the stumps.

Each piece was lifted by the crane, over the fence and into position on the stumps.

Once the building is complete, we will have a new Wellbeing and Community Centre!

FROM THE OFFICE

SWIMMING NOTICES

Just a reminder the permission slips for the free swimming lessons next term are due in Monday, 17th September by 4 pm.

As the permission slips have all your personal details on them, please ensure you look after them!

If you don't want your child to attend the swimming lessons you can send back the slip indicating on it that your child will not be participating.

*

Footy Day Special Lunch orders are also due in on Monday, 17th September by 4 pm - no late orders will be accepted!

**School
Banking
day is
Thursday**

Curriculum

'Learning Talk'

Every two weeks we will be asking families to participate in 'Learning Talks' with their children. By discussing topics and ideas prior to learning, you will help your children get ahead in their personal learning. Students will follow up in class with activities that are related to their 'Learning Talks'.

Foundation -

Over the next 2 weeks students will be focussing on subtraction during their maths sessions. To further support your child's understanding at home you could discuss subtraction stories during everyday activities.

For example when unloading the shopping tell your child how many items are in the bag, ask them to take some out and then work out how many items are left in the bag.

Junior -

This week the students will be exploring the four operations (addition, subtraction, division and multiplication) and the connection between them. They will be solving equations to practise their skills that they have learnt over the year. You can support your child by asking them simple questions such as what 'what would happen if I took 3 potatoes away from this pile?'

$$5 - 3 = 2$$

Counting By 2s

0 ÷ 6 = 0 6 ÷ 6 = 1 12 ÷ 6 = 2 18 ÷ 6 = 3 24 ÷ 6 = 4 30 ÷ 6 = 5 36 ÷ 6 = 6 42 ÷ 6 = 7 48 ÷ 6 = 8 54 ÷ 6 = 9	0 ÷ 7 = 0 7 ÷ 7 = 1 14 ÷ 7 = 2 21 ÷ 7 = 3 28 ÷ 7 = 4 35 ÷ 7 = 5 42 ÷ 7 = 6 49 ÷ 7 = 7 56 ÷ 7 = 8 63 ÷ 7 = 9	0 ÷ 8 = 0 8 ÷ 8 = 1 16 ÷ 8 = 2 24 ÷ 8 = 3 32 ÷ 8 = 4 40 ÷ 8 = 5 48 ÷ 8 = 6 56 ÷ 8 = 7 64 ÷ 8 = 8 72 ÷ 8 = 9	0 ÷ 9 = 0 9 ÷ 9 = 1 18 ÷ 9 = 2 27 ÷ 9 = 3 36 ÷ 9 = 4 45 ÷ 9 = 5 54 ÷ 9 = 6 63 ÷ 9 = 7 72 ÷ 9 = 8 81 ÷ 9 = 9	0 ÷ 10 = 0 10 ÷ 10 = 1 20 ÷ 10 = 2 30 ÷ 10 = 3 40 ÷ 10 = 4 50 ÷ 10 = 5 60 ÷ 10 = 6 70 ÷ 10 = 7 80 ÷ 10 = 8 90 ÷ 10 = 9

Middle -

Over the next two weeks students will be focusing on a range of topics. These include symmetry, chance and number patterns. Discuss with your child how to skip count by 2s, 3s, 4s, 5s and 10s. Get your child to look for patterns within the environment.

Senior -

In maths for the rest of the term students will be focussing on dividing decimals. To assist your child with division, it is important they have a sound understanding and knowledge of their times tables as this helps when dividing. Support your child by having them write a division equation related to the multiplication equation you have given them. For eg, $5 \times 2 = 10$, $10 \div 5 = 2$ or $10/2 = 5$

Response Writing

During response writing the author is able to express their opinion about the situation. It is usually written in present tense but changes to past tense if it has a historical setting. You can help support your child by asking their opinion after reading and asking them to judge and reflect on their text. Try to include nouns, verbs (words used to describe actions) and judgement words.

Kate Couacaud - Assistant Principal

Persistence Responsibility Individuality Discipline Enthusiasm

Every day counts

School is better when you're here

Do I have to go to school?

Yes, in Victoria everyone aged from 6 – 17 has to go to school.

Missing one day a fortnight is the same as missing 4 whole weeks of school a year. From prep to Year 12 that adds up to 1.5 years of school!

School is better when you attend. Your friends and your teachers notice that you're away and wonder if you're OK.

Why is regular attendance at school important?

Right now, being at school is the most important thing you need to do for your future. School helps you build good habits for later on in life. You might think school is just about Maths and English but you're also learning about how to work with other people and how to solve problems.

Being at school every day also means you are becoming more independent as a learner and interacting with your friends and teachers. If you're at school you can get help from your teachers and friends and won't have to try to learn things in your own time.

Being an adult probably seems far away but we know that young people who attend school more frequently have better outcomes after school too. This means they earn more money, have better job opportunities and are generally healthier. So being at school really does make a difference!

Do my parents need to let the school know if I'm going to be away?

Yes. Your parents need to notify the school **as soon as possible** of your absence.

If you're away from school too much and don't have a reasonable excuse like a serious illness, your parents will be asked to explain why.

Are there any good reasons to be away from school?

No. Unless you are so sick you can't get out of bed or there is an event like a funeral, you should be at school. Every day you are away is a day of classes and social connection you miss out on. Taking a day off for your birthday or to go shopping isn't a good reason to miss school.

Even medical and health appointments should be made either before or after school or during the school holidays. This includes family holidays. Your parents are encouraged not to plan holidays during the term but to organise these during the school holidays.

If you do have to be away for some reason, your parents need to contact the school and let them know what's going on. Depending on the situation, the school might provide schoolwork for you to complete.

What do I miss out on if I'm not at school?

You miss out on all the big stuff – class discussions and all the interactions that happen in a classroom, the chance to get help from teachers and the opportunity to practise skills and gain knowledge. Being away means you might miss out on a lot of learning or that you need to catch up in your own time.

If all of that isn't enough to convince you to be at school every day, being away also means you miss out on playing with your friends. Being away from school a lot can be lonely. It has a big impact on relationships and social connections. Everyone wants you at school and it really is better when you attend.

What if I'm having problems getting to school?

Getting to school on time everyday can be about having a good routine. If you find yourself running late or missing school because you're disorganised, try:

- Asking parents for help getting ready
- Having a set time to go to bed
- Leaving all technology out of your bedroom
- Packing your school bag the night before with everything you need
- Having a set time for breakfast
- Planning to meet up with a friend so you can travel to school together.

Sometimes though it can just be hard to go to school. You might feel overwhelmed by the work or things might be tough with your friends. Maybe you don't feel safe at school or you really dislike a teacher or things at home aren't great. Perhaps you're feeling down or anxious and don't even really know why.

Whatever the situation, staying away from school isn't the answer. There are lots of people who want to help. Try talking to:

- Your parents or another adult family member
- A trusted teacher
- Wellbeing Coordinator or
- Another trusted adult like your coach

Latrobe St Reserve - Cranbourne

Date: Saturday 6th October 2018

Starts 5:30 pm

Please join us for a beautiful lantern walk, free BBQ & kids' activities to raise funds for blood cancer research.

Contact: Alisha – 0409 886 262

Did you know 60,000 Australians are living right now with the devastating consequences of blood cancer?

More research into understanding the causes, better treatments and cure for blood cancer is urgently needed.

As a blood cancer researcher and a blood cancer survivor, Dr Kylie Mason has first-hand understanding of the difference blood cancer research can make.

Kylie was just 15 years old when she was first diagnosed with acute lymphoblastic leukaemia after feeling tired, short of breath and generally unwell.

Her experience going through leukaemia treatment shaped her desire to study medicine.

Eighteen years later, when Kylie was 35, she celebrated completing her medical studies and haematology training.

"My overall aim is to make a difference – from my clinical work on a one-to-one patient basis through to research – so patients in the future will have better long-term outcomes."

By signing up and raising money for Light the Night you support researchers like Kylie, who are working hard across the country to help more Australians beat blood cancer.

Sign up for Light the Night to help others with blood cancer at lightthenight.org.au

Footy Day

Friday 21st September 2018

To celebrate Footy Day, the students are invited to come along to school dressed in their favourite football team colours.

The students are welcome to wear an AFL, NRL or Soccer Guernsey, scarf, hat or socks. (all footwear **MUST** be appropriate and closed toe)

Don't forget all clothing worn on the day needs to be sun smart as we will be in September.

If your child does not wish to participate in the footy theme, they are to wear school uniform.
