#### Month of October

Monday, 8th October

**Term 4 begins  
8:50 am**

### PRINCIPAL'S NEWS

Thank you to everyone who came along to our Open Evening yesterday, and took part in some great activities around the school. Even with the rain we had lots of families come along! It is great to see so many of our families attending these events, and gives us an opportunity to catch up with parents and families.

For those who were not at assembly on Monday, we had our own "Flash Mob" appear! Staff surprised the students—and ME! - with a dance performance. It was very entertaining!

We recently had our senior students taking part in Lightning Prem. Sports, and while some of our teams were successful on the day, I am most proud of the positive feedback we received on how well behaved our students are, and the level of sportsmanship that they demonstrate. Well done to all of you for representing our school with such PRIDE!

On another note, I would like to advise the school community that Ms Biggins is taking 12 months leave, effective from early next term. We wish her well on her adventure to NSW, and thank her for all of her hard work and dedication to CPS.

I would also like to let you know that Mrs Van Deursen will be taking leave next term. I will advise the school community of who the Acting Principal will be, once this has been decided.

I hope you all have a safe and relaxing break, and I look forward to seeing you all next term.

**Di Fernand  
Acting Principal**

### Quote of the Week

*Holidays - any holiday - are such a great opportunity to focus on bringing the family together.*

- Lidia Bastianich

## HAPPY BIRTHDAY TO OUR SEPTEMBER & OCTOBER BABIES!

## FROM THE OFFICE

Whole school swimming notices were given out to every student in our school. We had so many students come to the office telling us they didn't get a notice or they had lost theirs.

As the notices have all your phone numbers and other personal details on them it is so important that they are looked after.

We sent students away to look for their notices before we would go to the trouble of re-printing a new one and most did manage to find their lost note!

Please instil in your child that when they get a permission notice they must look after it. It is very time consuming and wasteful having to reprint notices!

Enjoy your 2 week holiday!

## From the EAL/ Language Support Room

This week our learning centered on the Language Experience Approach. The Language Experience Approach incorporates speaking, listening, reading and writing.

Each group participated in a "Shared Experience". We made Playdough, Fluffy Slime, Kinetic Sand and Scented Putty.

- ➔ We made it...
- ➔ We talked about it...
- ➔ We wrote about it...
- ➔ We read our stories.

## Persistence Responsibility Individuality Discipline Enthusiasm

### WHAT'S GOING ON THESE HOLIDAYS?

Often students will tell us that they have nothing to do during the school holidays. The City of Casey are offering a range of activities during the upcoming holidays. There is often no cost or a small fee for these activities. Follow the link to discover what is available.

<https://www.casey.vic.gov.au/arts-leisure/calendar-of-events>

**HAVE FUN!!!!**

### STAYING SANE DURING THE HOLIDAYS!

The school holidays can be lots of fun. It's really important for kids to have a break and spend time with family and friends. However, sometimes it can be stressful: kids get sick, kids fight, the weather can be terrible. The school holidays can sometimes feel like they will never end!

Even if you don't have a lot of money, there are activities you can do to help keep you sane during the school holidays. Kids don't need much to keep them interested and we all know that it's ok for kids to be bored.

It's REALLY important for kids to have down-time from the hustle and bustle of school. Learning can be very tiring, so don't feel stressed if you don't have every single day planned out. Don't feel pressure to do anything.

#### **1. HAVE MANDATORY BREAK TIMES**

10am – break time. 1pm – break time. During these break times, the kids can play quietly together, or go to their bedrooms. Just take a break from each other. This will give you an opportunity to hopefully have a tea or coffee, or read a book.

#### **2. GO FOR A RIDE / WALK**

Get on your bikes and go for a ride, or go for a walk. You don't need to drive anywhere to do this, just walk out of your driveway and down the street. You don't even have to go far – just walk to the end of the road. The fresh air will do everyone good.

#### **3. BAKE**

Baking can be messy, but also lots of fun. Get the kids involved in the whole process – including the cleaning up!

#### **4. CLOSE THE DOOR**

Don't forget that if you need to escape for a quick moment, have a 'me' place such as the laundry or anywhere you can shut the door and get a quick couple of minutes peace.

#### **5. NETFLIX IS YOUR FRIEND**

Or the TV. Or even a DVD. Utilise what you have at your disposal. Remember that your kids have been at school for a long time and it's ok if they sit down and watch a movie.

#### **6. LOCAL PLAYGROUNDS**

These are a godsend. Walk to your local playground, or take a drive. You can set your kids free while still keeping an eye on them.

#### **7. BEING BORED IS OK**

Research has shown that being bored is good for kids – because it means they use their imagination. Don't stress about entertaining the kids 24/7. They will survive!

#### **8. OPEN THE OTHER DOOR**

Open the doors to the house and set your kids free. If it's raining, just pop a rain coat on ... getting wet isn't the end of the world.

#### **9. PLAN OUTTINGS**

You don't have to stay at home the whole time. Of course doing things around your local area is a great idea. Go to your local playground, or perhaps a bike park or go to the movies together. You can even plan a trip to Kmart to "look around". It really is a great way to get the energy out of your kids.

#### **10. FAMILY / FRIENDS**

Utilise your family, if you have them around. Book a day where the kids go to their Grandparent's house. Or perhaps make a playdate with friends. Coming together with other parents is sometimes very therapeutic.

# Footy Day

**Friday 21st September 2018**

To celebrate Footy Day, the students are invited to come along to school dressed in their favourite football team colours.

The students are welcome to wear an AFL, NRL or Soccer Guernsey, scarf, hat or socks. (all footwear **MUST** be appropriate and closed toe)

Don't forget all clothing worn on the day needs to be sun smart as we will be in September.

If your child does not wish to participate in the footy theme, they are to wear school uniform.

Did you know 60,000 Australians are living right now with the devastating consequences of blood cancer?

More research into understanding the causes, better treatments and cure for blood cancer is urgently needed.

As a blood cancer researcher and a blood cancer survivor, Dr Kylie Mason has first-hand understanding of the difference blood cancer research can make.

Kylie was just 15 years old when she was first diagnosed with acute lymphoblastic leukaemia after feeling tired, short of breath and generally unwell.

Her experience going through leukaemia treatment shaped her desire to study medicine.

Eighteen years later, when Kylie was 35, she celebrated completing her medical studies and haematology training.

*"My overall aim is to make a difference – from my clinical work on a one-to-one patient basis through to research – so patients in the future will have better long-term outcomes."*

By signing up and raising money for Light the Night you support researchers like Kylie, who are working hard across the country to help more Australians beat blood cancer.

**Sign up for Light the Night to help others with blood cancer at [lightthenight.org.au](http://lightthenight.org.au)**
